Status: *Still, Sustainable Viticulture*

Allergens: *contains sulphites*

Dry/Sweet: *3 (1 is dry, 7 is very sweet)*

abv: 12.0% - bottle size: 75cl

Tasting Note:

Deep pink with orange hues in colour. On the nose pronounced flavour of strawberries with floral and blood oranges. Upon tasting flavours of strawberries dominate, fresh oranges linger. This medium dry is complimented with a clean medium finish.

Winery information:

Established in 2008, in the Heart of the New National Forest, with the first harvest took place in 2010. The vineyard at Sealwood Cottage is approximately 1.37 Hectares with plantings of Ortega - Solarius - Regent Rondo and Madeleine Angievine with each variety being harvested separately. The 4250 vines are planted in rows 2 metres apart, 1.5 metres between vines, using traditional wires and the Double Guyot trellis system which allows good ventilation and minimal disease. No chemicals are used

The Vineyard is positioned in a south facing aspect at an elevation of approximately 67 meters above sea level. The soil structure is of Triassic Sandstone – Beds of red sandstone and associated rocks laid down throughout the Triassic Period extends from roughly 252.17 to 201.3 million years ago. Named in 1834 by Frederick von Albertia after the three distinct rock layers (tri meaning "three") that are found throughout Germany and north-western Europe. - red beds capped by marine limestone followed by a series of terrestrial mud and sandstones.

Vinification:

The wine is made on the vine.

Each variety of grapes are harvested separately at the optimum ripeness, transported to Roxeter Winery, where the grapes are handled with care. The wine is made with minimal intervention

Food Recommendation:

Enjoy a chilled glass with friends on those lazy summer afternoons or early evenings.
