### *Tasting Notes*

*All the brilliance of Goa is bottled up in this Single Malt. Its sparkling hues are reminiscent of sun-kissed beaches. The six-row barley for this whisky comes from the foothills of the Himalayas. Brilliance is matured in bourbon casks, to give you absolute sensory delight.*

*The journey to create the most sumptuous whisky lead to a family of 5 core expressions. Brilliance, Edited and Bold are the flagship expressions. With 46% ABV, the Brilliance is a non-peated whisky..*

### *History*

*Established in 1992, John Distilleries grew to be a leading spirit company within less than a decade. Its creation 'Paul John Single Malts' were launched in the UK in 2012, which were soon lauded by single malt enthusiasts around the world. Majestically towering its way through the world market, The Great Indian Single Malts has been crowned with innumerable global awards further proving our excellence. This recognition from the single malt palate has encouraged us to unfurl this tricolored aroma of our single malts across different continents.*

*The 6 Row Barley used is specially grown in cold weather and harvested in summer for perfect maturity. From germination, malting and peating of these barley grains comes the distinctive smokiness and taste of the whiskies.*

*We believe in taking the hitherto untrodden trail and often experimenting with different cask finishes, creating rarities. The Oloroso, a limited edition, was the result of such an effort. This soft delicate single malt enriched with intense flavours, was finished in Oloroso casks and is a definite choice for any whisky enthusiast's collection.*

*The various expressions of The Great Indian Single Malt is the artistic fusion of three elements- Barley, Water, and Charred Oak Casks. Each bottle has a significant character of its own.*

*Created in India, The Great Indian Single Malt has won more than 200 awards in 6 years and continues to strive to enrich the experience of every sip*

*The weather in Goa is ideal for making whiskies, helping them to mature faster than whiskies produced in cold climates*

### *Taste with water*

*NOSE: The Demerara sugars give off a whiff of sweet fragrances, with a hint of cinnamon, dash of honey and faint spices*

*PALATE: Sweet and spice and all things nice, make this Single Malt. The honey-like smoothness is offset by the crunchy-bar-like crispness. Somewhere, there is also a tinge of cocoa.*

*BODY: Medium-bodied.*

*FINISH: Bold has a light finish with a tinge of copper slowly making its presence known. You can also sense a gorgeous smoked mocha shaped by delicate and intricate spices.*

*STYLE: Elegant and Floral.*

### *FOOD PAIRING*

*With its rich accents of vanilla and subtle hints of spice, this Single Malt is the ideal accompaniment to luscious fruit pies and Indian grilled meat dishes.*
