Smooth. The only word to describe this English countryside Vodka. Made from an infusion of distilled English barley and sugar beet, this classic combination of cereal and root crops creates a naturally sweetened and exceptionally smooth spirit.

Created from the passion and experience the British countryside brings, Two Birds Spirits was founded in Leicestershire and produced in the quaint market town of Market Harborough. All the Two Birds spirits are produced in small batches of 100 bottles at a time, with care and perfection ensuring each batch is always as good as the first.

The range of Two Birds Spirits include an award winning London Dry Gin, Vodka and Absinthe. Depending on the botanics available at specific times of the year, they produce hedgerow and seasonal spirits.

THE IDEAL SERVE

Pour 50ml English Vodka in to a highball glass, a squeeze of fresh lime juice and 125ml of ginger beer, fill with ice and garnish with lime wedge.
